New Orleans, October 8, 2007-
Jericho Road is now online!

According to Jericho Road Executive Director, Brad Powers, the faith-based nonprofit organization has added yet another resource for working families in New Orleans interested in home ownership opportunities.

"The web site contains information on high quality, affordable homes for sale as well as future home sites. Now this information can be easily accessed online," said Powers.

Jericho Road Director of Operations and Communications, Holly Heine, also views the web site as a resource for those wishing to offer volunteer services.

Heine said, "So far we have had a great response from volunteers. Now people will be able to go online to find out about Jericho Road's many volunteer opportunities and help us in rebuilding New Orleans."

JERICO ROAD EPISCOPAL HOUSING INITIATIVE

Jericho Road Episcopal Housing Initiative, a faith-based nonprofit organization, provides families and individuals affordable home ownership opportunities in New Orleans neighborhoods. With the guidance and support of residents and community organizations, Jericho Road works with other nonprofits, private businesses, governmental agencies and faith-based groups to create wealth accumulation through home ownership. This will include new construction and rehabilitation of existing homes. Jericho Road will transform under used land, rebuild neighborhoods and empower communities in one of America's most culturally important cities.
